Documentation Guide

February 2019

7070010 – 7070024
Pg 1 of 1

BEARING, ELASTOMERIC, ___ INCH
Pay Unit: Square Inch

MATERIALS: Elastomeric Bearing Pads

ACCEPTANCE TESTING REQUIREMENTS

Elastomeric Bearing Pads

1. A Test Data Certification. Show test result for Shear Modulus, ASTM D 4014.

NOTE:

Check for the Buy America compliance on all steel and iron certifications which is required on Federal Aid Projects. All permanently incorporated steel or iron materials must be melted and all manufacturing processes including the coating must occur in the United States. It should be noted that this is different than the "Buy American" statement which may also be listed. "Buy American" is not an acceptable alternate to "Buy America". See the [MDOT Construction Wiki Section 105.10](#).

CONSTRUCTION

1. Inspector's Daily Report
 - a. IDR shall show the inspector's computations, measurements and supporting documentation verifying quantity submitted for pay.
 - b. All materials used must be VI and accepted by the inspector with notation on the IDR.
2. Measurement and payment
 - a. Engineer will measure, with no deduction for holes.
